

WRITING ASSESSMENT**G 7**

Write your final composition here.

I disagree with ^{this} because people may not be smart enough to pass the test. ~~The~~ The reason why I say that cause we got slow people at our school. And I think the teachers know that, they just want some people to pass, and some to fail. They shouldn't do that cause if you fail on your 12th grade year you are going to fail that's what I'm scared of cause I just want pass. They just shouldn't make the test like that. Like for some people that might need help give them help. I think it is advantages for the whole school so what if the smarter people fail the test what will they do then. They will repeat there 12th grade year. And I don't want to do the test like that. Give me a helper on the test.

Thank
You

This response is considered flawed. A low degree of proficiency in persuasive writing skills is reflected. The writer is clearly opposed to requiring students to pass exit tests before they graduate from high school. Key ideas are cited to support this position (some students will fail and have to repeat twelfth grade, and other students will need help to pass the exit tests). However, there is very little development, details are repetitive, and the response is weakly organized. In addition, there are serious errors in usage and sentence structure.
